Yamashita Distribution Center

The Yamashita Distribution Center is ideally located near multiple entrances to the Shuto and Tomei Expressways, the main public offices for Kanagawa prefecture, and normal road and railway networks. The Daikoku Distribution Center offers not only refrigerated and frozen storage/shipping, but is also fully outfitted with 7 small storage rooms capable of temperature control accurate to 0.5°C. For dairy products, we also offer services that allow control over the aging process as required by our customers.
